

Tools & Material List

Tools

(Clicking on the blue, bold and underlined words will take you to the link)

- **Cutting machines**
 - Cricut
 - [Cricut Explore Air 2](#)
 - This is my machine. I only cut cardstock for now so this is great for me because I can cut faster with the **fast mode**.
 - [Cricut Maker](#)
 - If you'll be using materials other than text weight and cardstock like crepe paper and fabric, go for the Maker
 - [Scoring tool for Cricut](#)
 - [Cameo Silhouette](#)
 - I have the Cameo Silhouette 3. It works well, but personally I prefer Cricut.
 - [Silhouette ratchet blade](#)- You can use this as a scoring tool for Cameo Silhouette machine
- [Scissors](#)- This is what I use
 - This [pair of scissors](#) (that's cheaper) can work too
- [Glue gun](#)
- Dowel to curl- I use the handle of a couple of paintbrush from this [pack](#)
- [Bamboo Skewer/ Stick](#)
- [Fondant tool](#) (Optional. I just find this handy)
- [Sponge](#)- I typically use a make-up sponge I was able to buy in pack
 - Legitimate options 😊
 - [Finger Sponge Daubers](#)
 - [Crafting ink blending brush](#)
- [Surgical gloves](#)- I can work better with surgical gloves because it fits better with my hands but you can also use [Disposable clear plastic gloves](#)

Additional Tools if you will add a Stem

- [Wire cutter](#) or [Long nose plier](#)

Tools & Material List

Materials (Continuation 1 of 2)

(Clicking on the blue, bold and underlined words will take you to the link)

- **Cardstock (Exact Colors I used in the workshop)**
 - [Earth collection from Michaels](#)- I used the green and the lighter blue cardstock from the pack
 - [Forest Collection from Michaels](#)- I used the light green from this collection
- [Glue sticks](#)- I usually buy in bulk.
- [White or Tacky glue](#)
- [Pan pastel](#)
 - The link unfortunately does not direct to the exact colors I used. For your reference, these are the colors I used:
 - Permanent Red Tint (Pink)- Used for the body and side of the leaves
 - Permanent Red shade- Used for the tips of the leaves

Additional Materials if you will add a Stem

- [Floral tape](#)
 - [Floral tape in bulk](#)
- [Thicker wire](#) (14-18 gauge)- Easier option compared to what I used in the workshop.
 - (Option) [Galvanized wire](#)- I usually use galvanized wire or bare wire. This was what I used in the workshop.
- [Thin wire](#) (24-28 gauge)
- 1-2 sheets of 1 ply tissue- Just get a piece from your tissue supply, don't worry you won't be causing a shortage because of this project 😊
